Manually Calculate Your Bill:

Your Usage (in gallons): _____

Initial 2,000 included in base 23.08 charge (minus) - 2,000

=

Multiply by \$3.50 per thousand gallons x .00350

=

Add minimum charge amount + 23.08

= \$.....

To calculate total water bill including 4% water tax x 1.04

= \$.....

Total Water Bill Amount

(Note: This does not include garbage and/or donation)
